

# Make a Baby Basket

0-6 months (newborn)

**Baby baskets provide new mothers with much-needed baby clothes and supplies.**

Putting baskets together is a fun and practical way for you to support the ministry while serving our patients.

## How to:

1. Buy a laundry basket to fill (1.25 bushel square or round).
2. Choose whether your basket will include items for a baby boy or a baby girl.
3. Purchase or gather items from the list. New or gently used items are okay.
4. Remove tags and hangers from any items.
5. Assemble your basket. Use this sheet to check off the items that you've included.
6. Let us know whom we should thank by completing the information at the below.
